## Know Media Guide

What you need to go with our media guide, the Know Media Guide is a resource of facts and figure about the local media. For instance, looking for the newspapers that service Amityville and the surrounding area? Not only will you find the answer here, you'll also find those newspapers' circulation figures and what day they go to press. Plus, a map will show you surrounding areas, so you can be hyperlocal in your outreach efforts. News outlets on Long Island, Brooklyn and Queens are featured, along with national media information to give you the lay of the land across the United States.
